## Interactive Learning Made Easy!

CleverBOARD is a highly versatile and original product, as well as attractive and secure. The surface is made from an almost indestructible vitreous enamel, and with mimio® interactive technology incorporated securely into the unit, the whiteboard instantly becomes interactive. Connect the CleverBOARD to your computer, load the mimio® software onto your laptop or PC and note taking is instantaneous.

Secure locking system.

## Secure Locking Mechanism

CleverBOARD's unique locking system allows you to safely store all your accessories, including the serial cable. A universal key is used to access the CleverBOARD, so multiple or individual keys are not required.
